

Chaparral Volleyball WebCast Sponsorship

Dear Business Owner,

Four of our home volleyball games will be presented over the Internet which can be heard or seen anywhere in the world via any computer. WebCasts are 100% supported by team sponsors and will include pre-game interviews, coach shows, player perspectives and are forever archived on DVD's.

During live broadcasts, each sponsor's image will rotate and be seen by team fans. Additionally, promotional commercials will be aired to promote your company and/or product.

Your logo will appear on all DVD/CD products that are sold. There is also the possibility for you to be on camera and/or microphone and promote your company or product.

By supporting your local team, your web link and logo will be accessible via the Chaparral Volleyball website.

Thanks for your valued support of the home team!
